i dont mind comments i just want them in a nice attitude, and yes i know the thing i wrote may have been a bit provoking but i dont think anything else would help either.

and Aircraftkiller i dont wanna hear that crap about flaming and such cus everytime i defend others in a NICE attitude (ive never EVER been flaming you and you know that, when i say something i say it in a nice way) and even though i say things nicely you always tell me to shut the fuck up but still i dont flame you i think you should be glad i have such a great patience cus if i really get mad im not fun to argue with, but im not even gonna START flaming you cus its not worth it.

face it your nothing better than a little spoiled self centred child.
