I compiled a list of some block bypass sites that you can feel free to use.

Simply type in the url including http:// of the site that is blocked and it will show the results.

<http://www.ibypass.com>
<http://www.ibypass.net>
<http://www.ibypass.org>
<http://www.ibypass.malea.net>
<http://www.futracom.com/djm>
<http://www.ka0z.net/djm>
<http://www.arcadegamez.org/DJM>
<http://www.arcadegamez.net/DJM>
<http://www.xenonhost.com/~lbrant/ibp>
<http://www.crunge.org/poxy/>
<http://proxify.com/>
<https://proxify.com/>

If anybody knows of any more please let me know. My school are blocking websites and bypasses like crazy at the moment and I'm determined to beat them.
