Sir PhoenixxEnglandSir PhoenixxEnglandYou guys need to give people a break, the community is getting smaller and smaller cos when people ask for help and some insite, other people getting fuking stupid and chat shit - As Cebt said, if you dont have anything fukin constructive to say, STFU

This community is getting smaller and smaller because of people like YOU! You think it's alright for people to flame and insult others (mostly ACK), but as soon as that person makes the slightest reply, it's "STFU, you're the reason why people are leaving this community". Go back and read the first post dumbass, that whole thing, except for the last couple sentences were dedicated, and meant to sarcastically insult ACK.

And thanks for that hypocritical post, if you have nothing good to say, STFU!

I beg your pardon? When did i insult anyone? Or imply it was ok for ACK to insult him, if you read my post its a general post ie To every fukin person here

Wait a second... Did I say you insulted anyone... NO! I never said in that reply that you insulted anyone.

Would you have replied with "You guys need to give people a break..." if ACK didn't respond to Cebt's attack?

Yes.. i have no beef with ack?
