I'm with warranto. I cautiously agree that it seems sincere, and I hope it is, because the world has enough hate in it already and life is too short to hold grudges. I don't even know taskbot7 personally, which is one of the reasons I always found it odd why he lashed out the way he did against me and others for seemingly no reason. If indeed he has changed his ways, I applaud his effort and think he will be better off for it.
