Good improvements!

Except on one, I disagree...

Nooooooo.....!!! It's just great when you always have to load your pistol when you spawn. If you don't do it, you're going to come to a situation, where you hope you had done it. I love it when ppl switch to pistol and start reloading it when I'm shooting at them! (I'm glad it's only hopefully)

Other than that, it sounds great! The new map restrictions sound great too. I just hope you won't be adding too many of those infantry only maps...but it's up to us this time, so I have no complaints! Thanks!
