Aircraftkiller

whine about people that you don't like while making hypocritical statements over and over...

if you compare any of your half-ass comments to a real artistic critique you'd see what I'm talking about.

ROFL.... chastising others about being hypocrites while doing it yourself in the same sentence?

That's what we all love about you Ack.. you're a fucking retard, and you honestly don't even know it. You're so high on yourself that you can lecture people over the same thing you do to others 10 times a day, then throw some ad hominem and bullshit excuses around when anyone points it out.

If we wanted to compare any of your half-assed comments to real artistic critique, we might as well just discuss the similarities between cock rings and tofu..

Keep saying that you don't care what anyone else thinks about you... 10, 20, maybe thirty times a day, I'm sure you'll actually start believing it eventually..

(if I'm really lucky, TankClash will come to your rescue like he always does)
