I've offered for warranto, Blazer, and I to be asshole nazi moderators in the past and it's always been rejected. You can't have it both ways. I try to run these forums FOR the community and you should most be self-moderating. But the thread starter is correct, YOU are allowing him to manipulate you like that. Just because you see something you WANT to reply to doesn't mean you should. Honestly, if you guys didn't reply it would be easier for me to just delete the one post instead of trying to detach the derailed thread.
