joel-nlcheater is bypassing rg by letting rg check a different folder (like d4t4) all explained on a forum which im not allowed to show here that was fixed at or b4 "Wed Feb 23, 2005 11:31 am" so this is old news, this exploit no longer works

Cheater That Relaesed ItRenguard Bypass Crack #1
Status: Fixed
Description:
This is a crack and bypass mixed togheter which allows you to cheat on RenGuard protected servers.

Personaly I wouldn't trust someone that has Renguard to be 100% cheat free, but it's the only way to insure that the server is 90%+ cheat free.

There are dozens of public and 100's of privet cheats for renegade and renguard detects them easely. And i can easely make cheats(.ddb and w3d) that will not show up on a screen shot and will not show up on a damage test, but they will get spoted by renguard. And as soon as renguard 1.4 get's made I think that servers that run it wil stay 99.995% cheat free.
