no no no.. thats what i got called on already..

thats n00b with zeros.. not noob with letters..

which if you look up newb n00b noob or newbie under google definitions.. newbie is the only real world word..

which it also refers alot to the internet.. which isn't totaly true either..
those that know, know it came from the military.. it was popular durin Veitnam

noob n00b or newb basicaly mean the same thing..

sooo whoops for not using newbie for my statment!1!
