1. Tell your opponent that the argument is over, because it's degenerated into pointlessness....
doing so at the end of your post giving you the lengthy last word in it.

4. Change the subject by pointing out all of your opponent's grammar and spelling mistakes.

12. Redefine words to mean whatever you want them to mean. (Also known as the "Humpty Dumpty" defense.)

I think I've seen those things around here quite often done by a certain person. *cough cough*lol
yes good call, hes such a douche bag
