One day you and your brother are home sick from school, walking about the empty house. With this new freedom you look in the places your parents wouldnt let you before. A short while later your slapping each other as hard as you can with a rubber dildo.

You look at the shelves and see the title "Dads- Private Tape" on a VHS. Of course it must be seen. Ah plays right nice, "The Devil and Ms. Jones" a story of hell, a place were sex is active but you cant climax. Only to have Ms. Jones push the devil to the edge and set a new standard.

Ah nothing like being a kid.
