In my opinon things on this forum get blown terribly out of the water all of the time. Much of the time it seems to be a flame fest, but all it really is a few swear words to show force, not anger or dis-liking. WHen someone says 'What the fuck, thats the stupidest fucking idea i've ever heard" On the internet means its not a stupid idea, its a REALLY fucking stupid idea lol. I don't know how to explain it, but thats just how the net is.

Plus if you were gonna do this a few years ago would have been a great time.
