alright, goto: start -> run -> type services.msc -> hit enter -> look for "DCOM server processes launcher" on the very left column and tell me if it says "started" in the third column, if it doesn't, start it (right click -> start). tell me what happened...

edit: here for more info: <http://support.microsoft.com/default.aspx?scid=kb;en-us;196709>
