Who are you, and why are you making a topic about leaving, why don't you just leave and not make a fuss about it already! Just Kidding. . . Sad to see yet another Renegade player leaving the community, however this game is getting old, I have been playing other games such as UT:2004, World of WarCraft, COD:UO, HL2, and others. However Renegade is just one of those games that you must play once in a while.
