c0dynamicLOL. Yeah well...if you don't like my punctuation nor the way I type. Then, don't fucking read my post. I take it as you R one of Jschultz9's friends that also suck at this game, but still manage to talk shit about stuff you don't know about. This goes for you too Icedog.

I am one of Jschultz's friends? Sorry, I have never met the guy in Renegade ever in my life. I would also like to know where I talked "shit" about "stuff" I don't know about.
