hmm what i some times find anoying is when you have to be spawned on top of some buildings and its very rare its happened twice to me(one time i fell off) i think its really cool and evrything but i think it would be better if they had a ladder or staircase to get up there and for those hipicrits it will be on the outside(EXTERIOR!) It would also solve the fact that when you get spawned on the roof and want to get down you dont have to jump and risk ending up dead.
