No, it's only because you're deth clan members. This is why you voted for it. You guys are notorious for self-promotion. Remember deth islands, with the huge billboard instead of a simple blocker and a more sensible rename of Islands? You couldn't settle with "Islands_Fix", it had to be "Deth Islands" with "Command & Conquer DA DETH" pasted on a huge billboard for everyone to see, as if you made Islands or something. :rolleyes:
