LMAO OMFG!!!11

ACK, imHo ... your just jealous that your make didn't come in first in the poll... and cause of that you start whining about the map that it sucks and other ppl voting for the map do too ...

Like stuf???!!1 ... the map is great.. but so is Tropics ... i like Deth_River more cause it's less a camp map than Tropics is..

DD is more than just known .. it's known but the older players .. which most of them sadly left the game .. but the real hardcore gamers still play and know DD!1 .. saying that everyone in the clan votes for the map made by DD is n00bish ... i see alot of ppl voting for the map while they aren't even in the clan .. I would vote for the map aswell.. and i'm not in the clan ..

your so inmature to realise that you can't face the fact that other ppl didn't vote for your map.. and inmature to talk about other ppl's english and writing .. like who gives a f**k ... I'm dutch so start saying my english is bad .. like i care .. i know that my english is good enough for being a non native speaker ..

and do you even have a life? .. it's just a map .. for a GAME ... yes read it a game!!1 .. i type this at school since i'm bored every first hour of this day .. i read shit posted by ppl like you who start whining if there map start losing over a better map .. both are good! but deth river is better imHo.. get something els to do than start whining about everyone not voting for your map ..

to the others who voted for Deth_River ... Rock on
