Quote:How many people you actually see playing on your maps..?

Before I stopped playing, I often found games of 24+ players running my levels without emptiness.

Quote:it is recognized as the worst "official" map that came out which nobody plays..

A lot of people play it. I don't like it, because it was made when I was getting familiar with Max. That's why I re-released it as Glacier and GlacierTS.

Quote:I'm not gonna even mention Core Patches maps.. not worthy my effort.
