Huh... They shoot all their bullets. I have no idea what you are talking about...

I do often get 95+- bullets at the start of the game instead of 100. But that's probably just lag.

Try shooting the bullets one by one... Ofcourse you should click carefully since 0.3 second to long will fire a second bullet... Also don't try to count the bullet holes as they disapear once to many are on the map...
