where as rock now is like.. i hate my life.. this one kid keeps pickin on me.. im gonna go kill my self cause life is never gonna get better..

rap was meant to empower the black community back in the day

i dunno what kinda rap you listen too.. but there always talkin bout good things..

excluding like enimen cause hes got personal issues.. plus thats his claim to fame.. its what keeps him rich

rappin is about braggin.. over convidence.. being arrogant you cant brag like them cause you dont have millions of dollars lol thats what the games about.. its all mental.. wanting a 300k sports car cause a rapper has 3 of them isnt a bad thing.. if it helps you make something of your self and make a buck or 2

Quote:Wouldn't it be a little more positive rather than talking about bitches, hos, and gangs?

you cant brag if your not dating girls right? if your fat, pale as hell and got a bad hair cut.. do something about it to get the girls right?

rap is all about being your best.. plain and simple

its the difference between your mom sayin you need to get a job vs your friend calling you a POS bumb that never has money

which one would make you feel worse and wanna get a job?

and calm the fuck down man.. aint no one attacking your ass.. im just fuckin discussin it.. gawd

and i didnt go to the MTV VMA's either.. i just sold the tickets lol

MTV GET OFF THE FUCKING AIR - The Dead Kennedys

That pretty much sums up what I think about your MTV tickets and any idiot who paid you for them.

You said it yourself already, EMO. Emo is crap and I would not argue you on that, its pussies crying into a mic about how much they hate life blah blah blah. I hate it and the only reason I listen to it at all is because if a girl is with me and likes it then fine she can listen to it because that'll make em happy, even if it is about dying lol.

The fact that when we're talking about classic rock bands, REAL rock music like Skynard and AC/DC, Eagles ect you brought up EMO music shows your an idiot whos completly out of touch with what music is.

Back in the day MABEY, I don't think anyones arguing that. We are here and now, the rap music thats destroying a nation's youth and they're values.

I've got issues and problems too. Do I carry guns around with me and beat up on woman?? Nope. His clame to fame? You see, this is what im talking about. If it wasn't for idiots like you keeping this cycle going he woudn't have money. He shoudn't have it in the first place. He hasn't worked hard to get it and doesn't deserve it. He does nothing but throw swears with some threats and insultes and sell it to our kids like candy. He promotes killing cops beating woman drug use blah blah blah. Anyone else think its funny all these girls think hes SOOOO hot when all he wants to do is beat up on them and then get in tehre pants and leave them.

Nope, wouldn't brag even if i did have a million dollars, not like them. They got it off drugs and influincing violence. If i had that kind of money I still wouldn't buy 50 million dollars worth of cars and shit, because i don't need it. I'd still shop at TJ-Max , I'd still go out and skate everyday and wear my jeans and a t-shirt with some holy skate shoes. Thats me and i wouldn't change that. Yea i wouldn't be driving a 1988 Cavalear anymore, but i woudn't be driving a few million dollar bently or w/e. I'd get me something nice like a New Supra or Integra, my parents would get a New Suburban, not a hummer. No need to rub money in peoples faces, its not the money in your pocket its your character and actions that matter in the long run.

I could go on but i wont. 10 Minutes before school and i have finals today. (I got 88 out of 100 on my Option II College Prep english class Vocab Test ) WISH ME LUCK PEOPLE
