Quote:I've observed a few bugs with these two. First I noticed that the kill messages don't show up in IRC. That should be fixed.

its the

ShowPlayerKillMessage=

LogHarvesterDeath=

LogVehicleDeath=

options in server2.ini that crash the server thats causing the messages not to show up in IRC

they worked b4 BHS took over SSAOW and added it into Server-Side Core Patch

the download link for the working version is here
