If your IQ was higher than twenty you would realise that nopic01 is in fact taslayer from your community of cheaters.

Just a quick piece of advice: if you spent half as much time just actually playing the game as you do trying to kill it, you probably wouldn't suck so badly at it

If you really think that you saying "just go commit susicide" is any better then cyberpunk's actions' then you really are missing something. It makes you no better.

Your not a bad person, but comments' like that will get you no were, as well as no respect.

Now, when you lose three friends' from susicide then you can come back AND RUN YOUR MOUTH!
