He banned me after sarcastically pointing out that his joke wasn't funny. Fair enough, ban me for swearing, that's who I am. But the idocy of a ban for sarcasm aka "mod abuse" is rather hilarious.

"DJM" I basically take heed and stop swearing.

Even after I stop I get a warning for fuck all.

And for christ's sake, it's a word that's all it is. Who, seriously is going to drop down and die because of a word, a noise.

The spelling corrections were meant as another way of pointing out how unprofessional they are. Have you honestly ever heard of a "respected mod" *cough* say "no, my Grandma"? It makes him sound like a twelve year old.

The comment "you're digging your own grave". I mean you're acting like I care, ban me from the website, I don't care, I'll post there through a proxy. Ban me from the server, it's not as if I'm missing out on anything.
