Who's to say he's a bad person? Try the 4 million Kurds he gassed in the span of one day. Try the families of those tortured and killed in his special "interrogation" rooms.

Bush would fix the votes? Saddam would KILL anyone who voted for the opposing party, after sending them to the interrogation room. (JBall, care to provide the link of what they did in those rooms?)

Go ahead and praise Saddam. You will certainly be the only person in these forums who does.
