GDI naturaly has more fire power with thier tanks then Nod so if you ask me it would seem that Nod need to get on to the battlefield first so they can get back up before GDI has a chance to buy Meds and take over the field. Meds easily pwn Arts (if they are not being repaired) in the first place so I would say Nod needs the cash more then GDI. Besides that GDI could always buy MRLS's they cost the same amout as a Art. I don't think you understand what I said.
