This is what you asked. I answered it and proved that they are helping us and being trained by us to defend themselves. I'm not sure where you're going with this because you are acknowledging that they can't yet fight for themselves, and yet you don't want us to help them.

Quote: Is it me or do it just look like our troops the only ones fighting for the Iraqis freedom? answer that!

OK, so I proved that wrong and you apparently agree that they ARE fighting with us for their freedom, but condemn them for not being able to do all the fighting for themselves. There's no pleasing you, is there?

LOL, I'm saying why are the U.S.A. troops the only ones over there. I know we got more nations in the world that believe the Iraqis should be free.

And as for the Iraqis, I realize they are damn stupid to fight for themselves, only thing they are good at is blowing themselves up.
