First you don't want to lay down your life for your country because of a President who made a moral decision that you seem to share and/or agree with that was also necessary, but are not willing to help see it through yourself, to go further to insult the people of the nation who are supposedly too stupid to fight for themselves.

Are you braindead?

I never said I was with that war shit,I said I wouldn't fight for bush and I never agreed to nothing. only thing that come close is when I said they should be free.Fuck everything else in the world and tend to the Iraqis freedom huh?

Is the Iraqis freedom worth more than your life?
