But only because a few certain people need a swift kick in the ass a few times. Stealing my vehicles, stealing my allies vehicles, throwing mines as weapons, running around wasting ammo, being the most Anti-Stealth player in the game, and even being the most Anti-Ally Stealth player in the game.

lol,what server you play on,I bet its funny to watch your team.

most of your post be about someone stealing your vehicle.

Unrules New Maps mostly. The vehicle stealing isnt that bad, but it does happen. And, yes, ive had someone get me killed when i was a Stealth Black Hand. He was out in the open, running through tanks, with an Engineer. I was right near him, hoping i wouldnt die. I died quickly from a Humvee that ran me over.
