Never called it my tank. I dont care if the tank has been modified or not. Look at it this way: If your a commander of an army, and you capture an enemy tank. Do you call that YOUR tank, or the other sides tank? And, no, not cut and paste. Cut, paste, resize, and other random things. A pain in the ass, really.

If it takes you half a frikking hour to cut and paste in PAINT you must be a total dumbass. It took me less than 10 seconds to figure out each thing.

Ok , I'll tell you England trash,you called him a dumbass.He's a teammate of mine ,there now you know

England trash? Is that meant to be an insult?
