You are a failure, An embarrassment to the internet.

You never know what you are talking about. You try to make your self out to be important. You are arrogant, and you tried to make a PHP mailbomer. Which doesn't even work. And it's stolen code. You try to be an internet badass, I see it all the time on IRC. You threatened some small online community. ect. Summed up you are an asshole.

So I have plenty to base my comment on.

I go back to what I said originally about you should be drowned at birth.
