Co. #44 could you forward me "Saddams actual plan"? You seem to have a copy. Recent news reported an Iraqi scientist [er someone] is showing coalition forces places where Saddam destroyed some WMD/buried them. Discrediting the 'invading forces' is definitely a valid tactic. He still loses but it could deliver a bigger blow than Saddam could ever hope to inflict in military conflict. No worries though, he left his trash all over the place. No the other side of Saddam, Russia, China, German, Syria and who knows will be aired on international news. I can't wait.
