I'm at a loss for words...the first bomb went off at 8:51 am. Why is that time familiar???

STFU Tool. How dare you suggest such a thing! Of course there's a rivalry between the British and the French, but we would NEVER wish something like this on them.

I only wonder if this is part of something wider or not...

Edit: You're probably stressed and people make sick jokes to cope. Sorry I overreacted.
