124) you make a skin for the GDI soldier that says "fuck bush".

125) you lay beacon after beacon at the enemy base and they always get disarmed, giving the enemy thousands of points. your teammates keep screaming "NO MORE BEACONS!!!" but you don't listen.

126) you think a hummvee will be able to drive past a horde of flames, lights, arties, laser gunners and ravesaws, and you attempt it.

127) you always lay beacons at the same place.

128) you lay a beacon and don't defend it because "the area must be evacuated before the strike hits".

129) you lay a beacon and realise you forgot to bring toilet paper.
