so its no fun to stay out but yet you tell me not to wow your guys are imature, my topic title applies to the whole fourms here and btw its the internet so fuck grammer and o wow rg banned a cd key i have so it dosent really matter. its sad that it came to that consideirng i gave the info about the bypass told them the site asked if they wanted me to show them so yea kthx next time i find sumthnig like this i think ill let it slide and btw i dotn cheta on other games and the only time i do cheat is in a lan game with myself like on another game to see what the cheats are like and what to look for.

PS. I can rpobbly say its a safe bet everyone has cheated at soem point in there life kthx
