My god, this guy irratates me.

One, you have no right flaming mac crimson or anyone from that crew who gave us this blessing to keep your lame ass kind offa our server. Were trying to have fun, we dont want to be killed by noobs with no skill.

Two. My god man, you REALLY need help with your english, like honestly, its called phonics, look into it. Coming in here and not using spell check, whut kinda person are you?

Three. You withheld info about bypass, so who knows, you could been the cheater, unless you have enough proof to clear your name, hats off to whoever banned him. These cheaters need to know that eventually, they WILL get caught.

Four. If you dont care about us and our opinions, why are you still reading and posting? do you think that mac or crimson are going to magically feel sorry for you and unban you? Cheaters are not takin lightly, never have been never will be.

Five. Hey, im not a geek i have a life. I play football have friends. But who are you to bash them any way? Do you have any idea how rich they can get? (Bill Gates ne one?) Im starting to think your proly 7 years old, found a noob bypass, used it and now are whining about being banned. And by posting here, your making it our buisness to bash you and give OUR opinions aobut whut your saying. Warranto hit it on the button.

So do us all a favour, leave, never come back and stop the noob ways, cheating at EVERY game you get....sad...honestly, have you NO skill at all?

Sry guys, i had to get this offa my chest:)

Btw, lijitsu is a nice person who is very wise.
