Club Music -- Yes, very much.
Emos -- Dunno what those are...
Iron Maiden -- Nope, your alittle wrong there. Iron Maiden rocks.
Inflated Egos -- My sister.
Hypocrisy -- Your really one to talk.
Patronism -- Something else that really should die.
Self-Obsession -- See above.
WLI -- See "Emos."
Mark's World -- See above.
Runescape -- Damn right.

Don't know what an emo is? Try Funeral for a friend or My Chemical Romance. If you still don't get what an emo is google it.

As for hypocrisy please point out to me where I've been so hypocritical.
