Aircraftkiller wrote on Mon, 22 August 2005 05:43If it were new, it wouldn't be called by the same name it's been called for the past three years. You should already have tested all of this and had at least four patches out by now... Your incompetence is astounding.

I think they are now deticated enough to finally get this mod on the road.

Besides, where's your mod for Renegade? Oh wait, you changed the name three times and went through 3 different engines. Silly me...so... "STFU bich and leave"!
