I saw a crowbar in there. A Mutant Hijacker Crowbar. How on Earth are you going to program in Mutant Hijackers? Furthermore, does the Crowbar work as a brutal melee weapon of some kind? Renegade always did lack melee weaponry. Unless you include the Repair Gun's "Dismantle" feature.

All and all, this looks freaking hawt. I can't freaking wait to play Reborn "v2". . .

Edit: Sorry. I made this post after doing HTML and sort of got mixed up. Non-break Space codes removed.
