How the fuck would you know if he's ever abused anything or not? Do you continually frequent the n00bstories IRC? I highly doubt it, or you'd see his abusive ways. I'm not the only one who's been affected by it, so shove off.

What has any MP member done? Steal wilost0rm's shitty "plant a defense" beacon script? Oh yes, such a great contribution.

I have been to the noobstories IRC once, and from what I saw YOU were the noobfest, many of MP fake names and MPMUSTDIE!1! names, don't try to bullshit and say "Oh thats my [insert name for MP abbreviation]" Just as I joined I recieved a bunch of bullshit and was kicked. Talk about abusive, we don't visit that because most of you angry little power hungry twelve year old can't realize that people actually work for their servers.

The last time I saw, which was about 1 minute ago, Wilo was an Op on our servers. So piss off.

Quote:My Brother was banned from your server because it was thought he had cheats when he was on my damn computer. Not that I care, you can keep him banned because really, MP servers suck ass. Its a noobfest in there. People run in straight lines looking at him while I have a sniper rifle so what does he do? He shoots them, just like any normal player. You guys should test a person for cheats before banning them. btw, his name is [GDE]kaniva[GoD] and he owns you.

A locate on the Renguard network showed nothing. By the way: if Quote:Not that I care Why the fuck did you post here.
