Renardin has taken this topic I've posted here as grounds to ban me from the Reborn forum, without consulting the rest of the team he's part of. Let's give a cheer for Renardin.

[Dead-6 Guy i didn't do this video to prove anything so what's the problem, no one like head shot?

"Renardin" My mate Darkside, people think he cheats. So he made the video:

Pure ownage!

Somebody is lying to us. I would call making a video in response to being accused of cheating to acquit yourself as 'doing a video to prove something' ...

And YES, people do consider certain kinds of textures CHEATING. See also "stealth skins" and "bright red heads" and "neon enemy snipers" ... Saying people don't frown on this (outright lies!) does not make what you do any better, and it makes it worse since you had to lie about it anyway.

And no, you've never killed me, I've only seen you in a server maybe twice. And I don't do 1v1. 1v1 is gay. Refer to my sarcastic "omg 1v1" post.
