Renardin6 wrote on Mon, 29 August 2005 20:43A real man doesn't need a girlfriend for his defense. So honey CJ, I am more pro than what your GF thinks. It's because I am pro that I don't want to lose time with you or your stupid friends on our forum.

Because of you or your stupid friends:

- We had files leaked. Your friends did that.
  - We had websites hacked. Your friends did that.
  - We had personal works exposed on the web without any permission from us. Your friends gave it to AK.
  - We get and still have bashing with stupid arguments all the time. Read yourself and you will maybe understand. I tell you how to improve, everybody agrees, you ignore it.
- Now about you CJ, only you:

- Your arguments are bullshit most of the time. Wrong. Prove it.
- You never answer my questions or the questions of Darkside when you know you are not right. You change the main subject of the conversation and bring another silly argument. I didn't know what the fuck your friend was saying, he has the English skills of a first grader. I explained how he could improve this (write in French then translate) , but like you he ignored this helpful advice. I asked him to state his questions over, and answered those that he stated over more clearly.
- You insult the work of Reborn. (see reborn forums, your own posts) I don't know a single mod team in the world that would allow such arrogance on their forum. We were too kind with you, now this time is over. You won't come back. Your work needs insulting sometimes. You don't get it otherwise and just dismiss things, unless somehow the thread draws massive attention so you can't just deny the changes need to be made.
- "Remove" le balai que t'as dans le cul et relativise mec! Chingate?
- Your stupid ideas (yeah most of those are stupid considering the Renegade engine) had no other purpose than delay our mod. You blamed me for leaks I wasn't around for. You blamed me for team members leaving. You claimed I brainwashed people. You now claim that I am the cause of your mod being 2 years late? Fuck you. I won't let this one get blamed on me. And everything I've suggested is possible. Renegade Alert had many of the things I discussed working a year or more ago, and you'd be amazed at the unreleased stuff you never knew about. Look at the work of Silent Kane, Neosaber, KGBSpy, and Jonwil. How much of their work this year would you have described as impossible last year?
- Ack is your friend. It tells us a lot. Yes. That I'm not a judgemental asshole, and get along with those on my mod team. I don't just blow them off and act out of line whenever I get emotionally upset.
- You aren't welcome anymore on Reborn's place. I am, just not by you.
- You aren't welcome anymore on Reborn's place. I am, just not by you.
- You aren't welcome anymore on Reborn's place. I am, just not by you.

I don't hate you. I put you away because I don't want to read anymore crap. It's easier and I don't have to delete the posts like you and your friends do at renalert. You've deleted more posts than we ever have. You would always 'accidentally' delete my posts too.

KTHX

(PS: Venompawz: I understand you defend your sweetheart and it's normal. But he has to learn to defend himself on another way than changing subject or hiding behind you.)

Renardin, you need to not defend your cheating boyfriend by warning me not to post 19 hours after I posted and then using it as grounds to ban me with (in your own words) no discussion with your team.

It makes sense that Venompawz is mad that you're such a cockbite to me and always talk shit about me behind my back (I have more logs than you'd imagine from your team).

What do you think of that?
