KIRBY098DeathgodKirby is a tad slow, you have to be careful around him.

I'm sure you'll get unbanned since you apologized, viper said the only reason he banned you was because you insisted on bitching about it instead of just saying sorry and dropping it.

I'm slow, but you don't understand why I am pissed you ban for childish reasons? Funny stuff there.....

I'm glad your idiocy makes you laugh. I understand exactly why you're pissed, you're not in the imaginary "Friends of FUD" club that gets to play on our server. You're mad because we don't like you. This is understandable, if irrational.
