xptek wrote on Tue, 30 August 2005 21:09I don't think that's currently possible, since WOL needs to have the serial in its database to be validated.

it is possible but you would have to have access to renserv.westwood.com/db/\ren/free_dedicated_server_serial/hash/db/add/generate/makeme/create_new3.db

but you know they have that tin blocked so bad you cant even get into it
