I hate it when people sign up purely so they can post about their clan, how many serial numbers for the Dedicated Server they have, or ask a question about something then never come back. I say you should have at least five posts under your belt before you go spitting out adverts.

Otherwise, yeah. This is one of the best-designed posts I've seen for a clan advert. Well-typed. . Clean. . . In freaking English. . . You may have gotten yourself at least one follower, if not a member.
