Also on the subject of who's who.

You did a great job on asking Adad for serials!!!

Do you honestly expect to get them when your community and yourself treated him like crap for so many years?

I never once said I was 10. You called me a 10 year old so I made the name 10yearoldlololol which was banned few seconds after.

There you go again claiming BHS is best for the community.

Here's a newsflash, maybe if people actually helped those that don't understand the game to get a better feel, then maybe just maybe half them wouldn't resort to using cheats.
