To be brief, and blunt. . ."You can catch for flies with honey than with vinegar." That's likely the way Black Hand wishes to do things in regards t Adad and other people with an absurd amount of Free Dedicated Server serial numbers. Bitchslapping him and yelling at him will only prove to agitate him and possibly provoke him into taunting them further. Being polite, and even going as far as to offer real money for them. . .that's the only logical route to take. Sometimes you've just gotta do wha'cha gotta do. . .
