It's finally been announced by Namco. Check out the trailer at <http://www.acecombat.jp>

You play as a mercenary fighter pilot (Similar to the first two games in the series) who is hired by the Republic of Ustio, a nation that separated from the Principality of Belka. Belka attacks the nations around it after an extreme-right wing party takes power (Think KKK meets Republicans meets Stormfront.org, not the Nazis, who were rather liberal) and cause a huge war that apparently engulfs the world.

It's also coming out to the Playstation 2, thankfully.
