if by best you mean the clan that gets the most wins, that is.

and uh... I'm not trying to be mean/offending - just realistic

none taken. I don't brag because I know that there are better players and better clans than GDE and I. De7 is a better player than I, I'm not ashamed of that. I've never actually played spoony(MaidenTy) to my recollection, but seeing his strategy post he made a while back he can't be all that bad because knowing how to win is 75% of the game, doing it is the easy part.
