Quote:Here is how to kill the PP on a nonflying map (might still work on a flying map but it would be hard to do)

What you need:

- 1)APC
- 2)Tech/hottie with Nuke
- 3)Somone to drive APC
- 4)Mabe some more techs/hotties

Ok you get in the APC and go to the PP than get out and deploy the becon.

Than put the APC blocking the way to tat spot. Get the techs/hotties to repair the APC wich will defend the spot frome engies untell the becon goes off than if all goes well you can hop in the APC and get back to base!

Great stratagy! Trust me!

InuYasha rulz!

I like it, run with it. Hell you can use that on the refinery too.
